PROJECTS

College Managemant System

2022-2023

- This college management website streamlines administrative and teaching tasks with a robust MySQL database and a user-friendly interface built using HTML, CSS, JavaScript, and PHP. Designed to optimize daily operations in educational institutions, it integrates all key functionalities—managing faculty, administrative tasks, and more—into one efficient platform, enhancing the educational environment for both staff and students.

Academic Auditoriums: College Seminar Hall Booking

2023 - 2023

- Academic Auditoriums: Simplifying college seminar hall booking with the MERN stack for streamlined efficiency and improved educational environments.

Java Development Intern – CodeSpeedy

2023 - 2023

- During my internship at CodeSpeedy, I developed scalable Java applications and worked on real-world coding projects. This experience enhanced my programming skills and taught me how to collaborate effectively in a team.
